Task 1: Web development basics, HTML basics. (completed)

Task 2: Practice Learned Things (completed)

In Task 1 I've completed tutorials on introduction to web development, basic structure of a website, Title, script, link and meta tags in HTML, Headings and paragraphs, img and anchor tags, Lists and tables, forms and input tags, inline and block elements, IDs and classes in HTML, HTML entities, Semantic tags.

In Task 2 I Practiced codes by designing web pages in HTML.
