Task 1: Continuation of modules on JavaScript. (Completed)

Task 2: Modifications in responsive website. (pending)

In task 1, I've solved practice problems from 82 to 113 of Basic JavaScript Module. and solved all 29 practice problems of ES6 module.

Here is a link to check my progress: <https://www.freecodecamp.org/pawan1>

Task 2 is pending because the last few practice problems were complex. So, all time was consumed by those modules.
